All other product names and services identified throughout this manual are trademarks or registered trademarks of their respective companies. They are used throughout this book in editorial fashion only and for the benefit of such companies. No such uses, or the use of any trade name, is intended to convey endorsement or other affiliation with the book.

Submissions

CM&V encourages the submission of comments and suggestions concerning its products. All suggestions will be given serious technical consideration. By submitting material to CM&V, you are granting CM&V the right, at its own discretion and without liability to you, to make any use of the material it deems appropriate.

That means, any communication or material that you transmit to the site by electronic mail or otherwise, including any data, questions, comments, suggestions or the like, is, and will be treated as, non-confidential and non-proprietary information. CM&V may use such communication or material for any purpose whatsoever, including, but not limited to, reproduction, disclosure, transmission, publication, broadcast and further posting. Further, CM&V is free to use any ideas, concepts, know-how or techniques contained in any communication or material you send to the site for any purpose whatsoever, including, but not limited to, developing, manufacturing and marketing products.

Copyright

This manual, the website, the design, the text, photos, graphics, databases, animation files and each download are subject to copyright protection. The website and its contents shall not be copied, modified or published to other website or any other media. CM&V reserves all copyright and trademark claims due to unlawful use of the DVBViewer website as well as the registered DVBViewer trademark.

Disclaimer

Knowledge which is contained in these pages is subject to ongoing change due to progress in research and development. CM&V reserves the right to change or update any information on the website without notice. This also applies to improvements and/or changes in the DVBViewer.

The information and material contained in this manual are provided "as is", without warranty of any kind, express or implied, including without limitation any warranty concerning the accuracy, adequacy or completeness of such information or material or the results to be obtained from using such information or material. Neither CM&V nor the author(s) shall be responsible for any claims attributable to errors, omissions or other inaccuracies in the information or material contained in this book, and in no event shall CM&V or the author(s) be liable for direct, indirect, special, incidental or consequential damages arising out of the use of such information or material.

Acknowledgements

The programming has been performed by Christian Hackbart. Special thanks are directed to Griga and Lars_MQ – especially for additional coding - and to Michael Maroszek for their plugins.

Thanks are also directed to all the beta-testers and the people who contributed to the program in the forum and gave their support in other ways like translations. Finally, special thanks go to Griga and Oliver Scheffer for creating/translating this manual.
